

Attendance & Time Tracking Policy

Aetheris Technologies • Official Corporate Policy Document

1. Introduction

Aetheris Technologies values punctuality and reliability. This policy outlines the expectations regarding working hours, time tracking, and absenteeism.

2. Standard Working Hours

The standard workweek is 40 hours, from Monday to Friday. Core business hours are **10:00 AM to 4:00 PM** local time. Employees have the flexibility to complete their remaining hours outside this core block, provided they meet their project deliverables.

3. Time Tracking

All non-exempt employees must accurately log their daily working hours in the HRMS. Exempt (salaried) employees are not required to log hourly time but must record any full or half-day absences.

4. Absenteeism and Tardiness

If an employee expects to be late or absent, they must notify their direct manager via Slack or email at least one hour before the start of core hours (by 9:00 AM).

- **Unexcused Absence:** Failing to report to work and failing to notify management (No Call / No Show). Three consecutive unexcused absences may be considered job abandonment.
- **Chronic Tardiness:** Consistent failure to be available during core hours will lead to a performance review and potential disciplinary action.

5. Overtime

Overtime for non-exempt employees must be pre-approved by the department manager. Approved overtime will be compensated at 1.5 times the regular hourly rate for hours worked beyond 40 in a workweek.
