

Work From Home (WFH) & Remote Work Policy

Aetheris Technologies • Official Corporate Policy Document

1. Philosophy

Aetheris Technologies embraces a remote-first hybrid culture. We trust our employees to manage their time and environment effectively to deliver outstanding results, regardless of their physical location.

2. Eligibility and Work Models

Employees are assigned one of three work models upon hire:

- **Fully Remote:** Employee works 100% from a home office or remote location. (Must reside within approved tax jurisdictions).
- **Hybrid:** Employee is expected to be in the local office 2 days a week for collaborative tasks, and works remotely for 3 days.
- **On-Site:** Roles requiring physical presence (e.g., IT hardware support, facilities management).

3. Home Office Stipend and Equipment

To ensure a safe and productive remote environment, Aetheris provides:

- A company-issued high-performance laptop and peripherals.
- A one-time **\$500 Home Office Setup Stipend** for purchasing an ergonomic chair, desk, or external monitor.
- A **\$50 monthly allowance** to offset high-speed internet and mobile phone costs.

4. Remote Work Expectations

Communication: Remote employees must maintain active presence on Slack and be available for video calls during core business hours (10:00 AM - 4:00 PM).

Security: All remote work must be conducted on secure, private networks. Use of public Wi-Fi without the company VPN is strictly prohibited to protect client data.

5. Dependent Care

Working from home is not a substitute for dependent care. Employees must ensure they have adequate childcare or eldercare arrangements in place during their regular working hours.
